MESSAGE FROM

The President

As you reflect on the past school year at Haskell Indian Junior College, I am confident that you all have an abundance of fond memories to cherish for the remainder of your lives. Your academic and extracurricular activities at Haskell have provided valuable learning and growth experiences that will serve as the foundation for your future successes in higher education after your graduation from Haskell, and your chosen career field.

The 21st century is now on the horizon, and there is a giant window of opportunity available to those who are prepared to meet the challenges in the decade of the nineties and the next century. The American Indian tribes and society need your bright and trained minds more than ever. So it is imperative that all of you continue to work hard. The key ingredients

for success in life are diligence, sacrifice, commitment, and taking advantage of opportunities that are available to you. I strongly believe the harder you work, the luckier and more successful you will be.

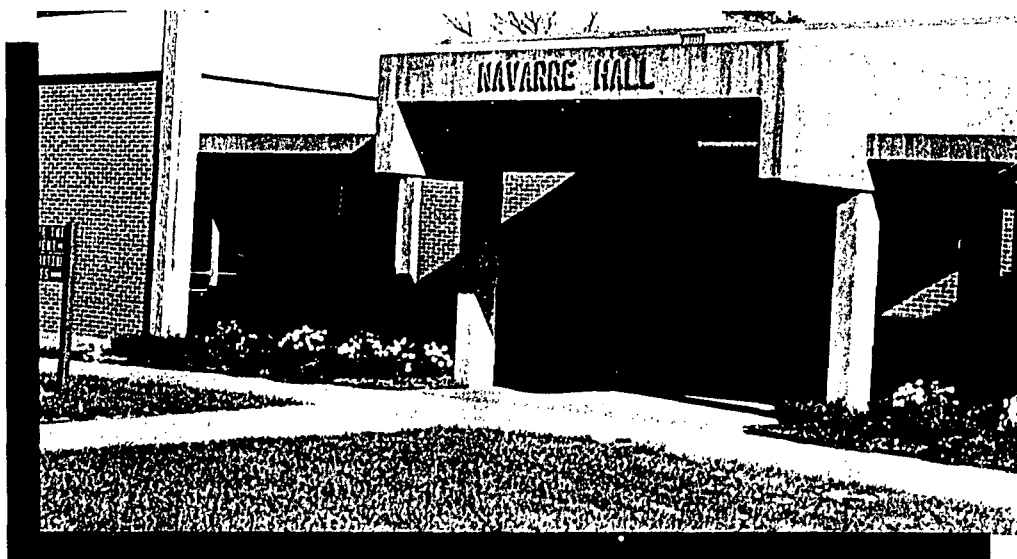

In addition, it is essential to establish goals for yourselves and be committed to them. While you should have realistic goals, it is also crucial to have enough confidence and determination to enroll and be triumphant in those "difficult" courses such as mathematics and the sciences.

I wish all of you good luck as you pursue your dreams and may you always walk in beauty.

Homecoming Week

Activities

"Traditions Into The 90's" was the theme for the 1990 homecoming parade. The theme, borrowed from the yearbook, was carried out in the various floats. Other activities during homecoming week were the performance by the Marching Cobras of Kansas City, the bonfire, the picnic served by the candidates, and the homecoming pow-wow.

Whether it was President Bob Martin riding a horse in the parade or students showing their colors at the game, fun was indeed had by all.

From the Editor:

Many hours of work went into the completion of the 1991 yearbook. As a result, there are many people who are to be commended for their assistance in helping to make this yearbook a reality. I would like to thank Hannes Combest, our advisor for her relentless encouragement, Kevin Garber, our yearbook representative from Taylor Publishing Co., Nick Swan for designing this year's cover, the yearbook staff for their loyalty, and the members of the newspaper staff who lent us a hand when we needed it the most. We hope that this yearbook will stir many fond memories of the 90-91 academic year here at Haskell.

May each and every one of you continue to carry your traditions into the 90's ... and beyond.

William Myers, Jr.

And The Traditions
